TouchSource Directory Media Network

Increase Engagement with an Enriched Program Mix

2022 DIGITAL DIRECTORY APPLICATIONS
SOFTWARE

Entertain & Engage for Less

- **Upgraded Content Feeds** – Subscribe to the TouchSource Directory Media Network with any of our Directory Software packages, and add multiple entertainment, sports and news feeds to your program mix while lowering operating costs
- **How it works** – Sponsorship partners present content in conjunction with news, sports and your own property messaging
- **When it appears** – Listings rotate with infotainment and sponsored messages when the display isn't in use by a visitor
- **Control over content** – Customize types of advertising to ensure that sponsorships fit your facility
- **Proactive Uptime Monitoring** – TouchSource proactively resolves any issues with our hardware or software and notifies you within 4 hours

Ask today how you can upgrade your infotainment feeds while reducing costs with the Directory Media Network

TouchSource Wayfinding

Help Visitors Orient, Navigate, and Arrive at Their Destination On Time

2022 DIGITAL DIRECTORY APPLICATIONS
SOFTWARE ADD ONS

Guide Users Through Buildings and Campuses with Intuitive, Eye-Catching Maps

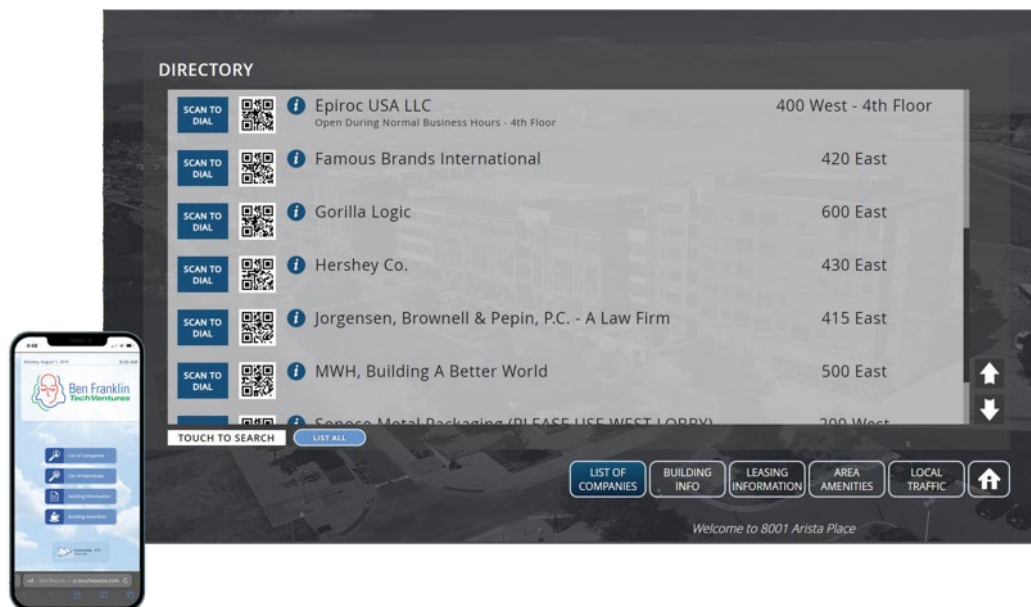

- **Updates Automatically** – When a tenant moves to a different location, your map updates itself for effortless upkeep
- **Animated Paths** – Animated lines for turn-by-turn directions
- **Layered 2D or 3D Maps** – Select just the right options for optimized spatial orientation including 2D and 3D renderings
- **Station-to-Station Wayfinding** – Get visitors quickly to the right location across your large property campuses
- **Mobile Directions** – Take the map with you from the directory to your mobile device via QR codes and text-to-mobile for interactive mobile navigation
- **Branded & Localized Design** – Customize the look and feel of your maps to match your branding, local amenities, stairways, elevators and localized property features

Help visitors identify their destination, orient themselves easily, and navigate effectively

TouchSource Virtual Receptionist

Popular for Self-Service Lobbies

2022 DIGITAL DIRECTORY APPLICATIONS
SOFTWARE ADD ONS

Effortless Mobile Calling Service for Your Directory

- Easy addition to directories that lets visitors notify tenants that they have arrived
- Use our Mobile directory option or on-screen QR codes for mobile calling and ditch outdated, complicated and costly dialer systems (included with the Inspire/Engage application packages)
 - Mobile Calling (or Text, Email) Options
 - Call a Tenant Directly
 - Call a Receptionist or Concierge
 - Call a Shared Service
- Add a Concierge Mode to send a secured SMS text or an email for visitors without phones (requires the Inspire application package)
- Great for unstaffed/lightly staffed buildings and buildings with after-hours services
- Utilizes internet data services to reach intended recipient—no need for analog telecommunications equipment

Digital Art & Motion Graphics

Add the Elegance of Art to Your Display

Art Background Options

| | Description | Engage | Inspire |
|--------------------------|---|----------------------|--------------------------------|
| Public Art Stills | A collection of iconic public artworks, cityscapes and scenic still images.* | ✓ | ✓ |
| Motion Scenery | Beautiful landscape and cityscape videos edited specifically for digital signage. Choose 1 motion scenery video from our library as part of the Engage package and up to 3 with Inspire as an alternative to the Public Art Stills. Choose custom videos or custom rotation of videos for a small extra fee.* | ✓ 1 Library Video | ✓ Up to 3 Library Videos |

Premium Art Subscriptions

| | Description | Engage | Inspire |
|---------------------------------------|--|--------|---|
| Pre-Curated Art Collections | Pre-curated digital art collections from today's top artists who benefit with royalties from your purchase. Pick the collection(s) you like best and rotate your art once a month, week, or day for an always exciting experience. | | Added Subscriptions Required |
| Curated Art | One of a kind, custom curated digital art from today's top artists who benefit with royalties from your purchase. Choose the local artists, style and frequency of rotation that fit your needs. | | Added Subscriptions Required |
| Custom Designed Art | Work with a consultant to select a local artist to design experience to fit your unique vision. Artwork will be custom created to suit your design style. | | Custom |
| Custom Selected Motion Scenery | Want something that's not in our library? We'll work with you to select other options. You only pay for our time unless your option has usage rights that require a royalty fee. We'll cover that cost for a nominal additional fee. | | One Time Charge Unless New Video Has Royalty Fees |

*Additional fees may be incurred if the selection process takes longer than an hour of our designers' time to assist you with your choices.

TouchSource Essential Support & Value-Added Services

2022 DIGITAL DIRECTORY APPLICATIONS

Essential Support

Included With All Directory Software Subscriptions

Responsive, US-Based Support

- Unlimited telephone, email, chat and web access to support North America-based technicians
- Online customer portal support and access to immediate support
- Self-service support documents and tools

Proactive Software Updates

- Security patches
- Operating System updates
- Web backups
- Software updates

Uptime Services

Recommended For Highest Level Of Availability Monitoring

Proactive Monitoring

TouchSource proprietary monitoring tools actively monitor for common internet, facility, power, hard-drive, or memory associated failures.

- Proactive notification within 4 hours of outage
- TouchSource proactively resolves any issues with TouchSource hardware or software
- TouchSource notifies you of any facilities or connectivity failures

Offline Notification Only

Base level of monitoring with proactive notification of failed content updates due to internet, power, or connectivity failures.

Managed Services

Recommended If You Need Additional Help In Updating Or Managing Your System

Content Services

Manage frequent changes to content without in-house resources. Create outstanding experiences with exciting content with monthly or quarterly updates.

Wayfinding Services

Our team of wayfinding experts will update your maps, directions, and locations as your facility changes—perfect for new construction and dynamic campuses with blueprint changes.

Insights and Analytics Services

Get monthly proactive service trends, interaction insights, findings from camera and video feeds, proactive services, and operational updates.

TouchSource Pantella™

Surface-Mounted Digital Wall Display

2022 WALL DISPLAYS

The TouchSource Pantella wall-mounted, ADA-compliant digital display is an architecturally-finished enclosure with proprietary commercial-grade engineering so that your investment securely stands the test of time. Design includes proprietary engineering for active ventilation and a locking mechanism for easy maintenance and security. Perfect for displaying directories and, with a touch screen option, a full array of interactive wayfinding and digital content. Draw visitors right to the bright and inviting screen, with or without “Directory” lettering, for a great self-service experience.

"TouchSource directories and support team are a great investment. The install and configuration was seamless. Makes a Property Manager's life very easy!"

Von, Realty Trust Group

TouchSource Custom Finishes Wall Display Options

2022 WALL DISPLAYS

"People think the directory is high-tech and aesthetically nice. It looks great on the wall. But above all, the number one thing we're always told is that it's easy to use. I've only heard positive feedback."

Trish Johnson, Executive Administrative Assistant for Eden Hill Medical Center

TouchSource AuxSpaces

Auxiliary Signage Options

2022 WALL DISPLAYS
PRODUCT OPTIONS

Extend Your Directory to Multiple Entrances & Garage Areas

- **Extend Your Lobby Directory & Wayfinding* Across Your Property** – Enhance the reach of your main lobby directory to additional locations throughout your property
- **Digitally Greet Visitors at Auxiliary Entrances** – Guide visitors who enter via garage, side entrance and multi-level buildings with at-a-glance mobile directory access
- **Get Visitors to Events on Time** – Post the location of in-building events with a message and directional arrows to the room, which you can update as often as you need
- **Communicate Urgent Facility Updates** – Help people navigate through down elevators, construction, or other facility disruptions.
- **Mounting Options** – Use our small footprint 10.1” displays on your wall or entranceway or use our lightweight mobile stand to position the signage anywhere you want**
- **Optimize Small Screens with Simple, Visual Content** – Use our beautifully designed screens to maximize the real estate on these extender displays

**Requires a subscription to TouchSource Directory and/or Wayfinding to add this to your footprint.*

***AuxSpaces requires power over ethernet (PoE) with options to add power boxes if needed.*

TouchSource Media Player to Power an Existing Display

- Power an existing HD / 4K compatible display with exciting, high quality TouchSource Digital Content
- Media Player + Software option
- Product Codes: DS-SOFT-MP-TO and DS-SOFT-MP-ST

**Media Players included with new product purchases. This option for client-supplied monitors must be HD / 4K compatible to work with our media players*

TouchSource Display Mounting System

- Engineered mounting system that incorporates high-strength steel, efficient design, and rugged reliability with very few parts for rugged durability. Each piece is fabricated, integrated, and tested in North America
- Designed for ADA compliance (<4" from wall to touch) and secure wall mounting to fit multiple cabling configurations and optimized airflow without compromising aesthetics or security
- Designed to optimize aesthetics and security by concealing media player, cabling, and device controls
- Additional mounting options such as telescoping brackets, ceiling-mounted displays and other unique spaces available as customizations for an added fee
- Product Code: DMS-2021

Cellular Directory Connectivity

- Provide a secure, off-network solution to connect your digital displays for online directory management
- Leverages a 4G LTE, HSPA+ cellular connection with data services and SIM cards provided by TouchSource Cellular Data Service
- Enterprise routing features for security, logging and redundancy (e.g., stateful firewall, VPN, SNMP)
- Includes slim profile antenna with 1m cable length

Antimicrobial Film Protectant

Antimicrobial film consists of a silver nanoparticle coating bonded to a low residue adhesive which prevents bacterial colonization.

- ONLY 120 microns thick for antimicrobial protection with unimpeded interactivity
- Protects against scratches and scuffs
- Comes with matte anti-glare surface finish
- Designed to be effective for one year, with replenishment services available. Film will continue to protect from scratches and glare even without replacement

TouchSource Video Walls

Killer Amenity with Turnkey Simplicity

2022 VIDEO WALLS

“Since the video wall installation tenants have had a universally positive response. The art initially captures one’s attention due to its scale and aesthetics, while the functionality of the TouchSource content really makes the seating area welcoming and communicates the message that the lobby isn’t a museum. It’s OK to come over, sit down, relax, hang out and gather information.”

Jim Osburn, Senior General Manager, JLL @ 150 Spear, San Francisco

Design Your Dream Video Wall

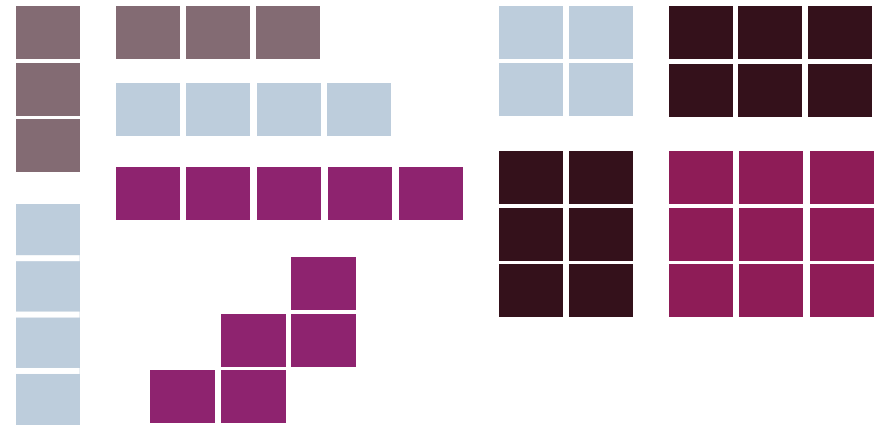

Vivid, sharp and dynamic, our indoor Aspen Video Walls use LCD technology for screen content that is bright, sharp and clear up close and from a distance.

- Choose a popular layout or design an eclectic one for extra drama.
- Start with the 3-display option as the base model — add more displays and key hardware features per your design style.
- Showcase art, large format information and multiple forms of content to change the aesthetic of any space.
- Explore digital art and live motion graphics for a mesmerizing experience.
- True turnkey video wall solution: all hardware is carefully configured by technical specialists, including all controller and mounting hardware.

| | |
|-----------------------------|--------------|
| Video Wall Options | 55" Monitors |
| Bezel-to-Bezel Width | 3.5mm |
| Brightness (NITS) | 500 |

90% of video walls will be satisfied by 3.5mm bezel width and 500 NITs. Smaller bezel sizes and higher brightness options available, but will bring your costs higher.

Choose a Popular Shape & Layout or Design Your Own

| Popular Layouts | Display Configurations (Across/Down) | # of Displays |
|----------------------------|--------------------------------------|---------------|
| Vertical Column | 1 x 3 | 3 |
| Horizontal Column | 3 x 1 | 3 |
| Square | 2 x 2 | 4 |
| Long Horizontal | 1 x 4 | 4 |
| Long Vertical | 4 x 1 | 4 |
| Large Horizontal Rectangle | 3 x 2 | 6 |
| Large Vertical Rectangle | 2 x 3 | 6 |
| Large Square | 3 x 3 | 9 |
| Custom | Create your own shape | Custom |

TouchSource Monarch™ Video Wall (LED)

2022 VIDEO WALLS

Indoor or Outdoor LED Video Walls that Dazzle

The TouchSource Monarch Video Wall is based on cutting-edge LED technology that works for gorgeous indoor and enduring outdoor usage. Upgrade the look and experience of any space with versatile LED panels.

- Create a wider array of shapes with an immersive, uninterrupted bezel-less digital canvas.
- Deliver indoor or outdoor digital wallpaper or very large digital video wall experiences.
- Enjoy more vivid resolution, brighter colors, easier maintenance, and a more expressive digital experience.

Call our specialists who can guide you through the ideal viewing distance, pixel pitch and level of brightness for your location.

| | Indoor | Outdoor |
|----------------|-------------|-------------|
| LED Panel Size | 20"W x 20"W | 20"W x 20"W |
| Pixel Pitch | 2.8 mm | 3.9 mm |
| Brightness | 1,200 Nits | 5,500 Nits |

All of our video walls come with premium quality, quality-tested media players, cabling and cabinet housing for the panels. You'll get all of the elements for a turnkey solution including extra LED panels to support if you should need to replace a damaged panel.

Go Big, Go Vertical, Go Outside the Lines

Design Your Own Video Wall Shape & Size

Dream it up and we'll help you design it. Design the journey from the moment your visitors enter the building to the time they leave. Our collaborative consultants will help you sketch out the experience you want to deliver.

One-of-a-Kind Content

Deliver compelling and exciting content including your proprietary building information along with creative, eye-catching third-party content including avant-garde digital art, motion graphic scenery, news in pictures, community calendars and much more.

Future-Proof Video Architecture

We design the right hardware, security, native resolution, outputs, custom-designed controller, data storage, video formats and engineered mounting systems for you.

Sized to Fit Just Right

Our designs scale the digital experience to the architecture, physical dimensions and brightness of your space. Based on the experience and content you want, we'll match any angle, position and span of displays that fit your goals.

TouchSource Steamboat™

Freestanding Indoor Kiosk

2022 KIOSKS

iPhone-Like Digital Kiosk Excites & Invites

Designed to be a tech-forward digital experience. The digital design and edge-to-edge glass give the entire design a futuristic feel. The Steamboat is designed to leverage a wide color palette, accent LED lights and icon signage on top to align with your brand while drawing visitors to the kiosk. Ideal for mixed-use spaces, shopping centers and large, busy campuses. Supports a wide variety of sensors and a full extension to your mobile environments. Meets ADA requirements for wheelchair access. Available as a custom-designed kiosk only. Call to explore your options.

TouchSource

Global Benchmark

Meghan Connifey
Vice President and Senior
General Manager

“TouchSource was already our provider for the existing directory in the lobby. They have delivered consistent, high quality products and great service in the past, and this Video Wall project was no different. Overall, it was a good experience as we’ve come to expect from them.”

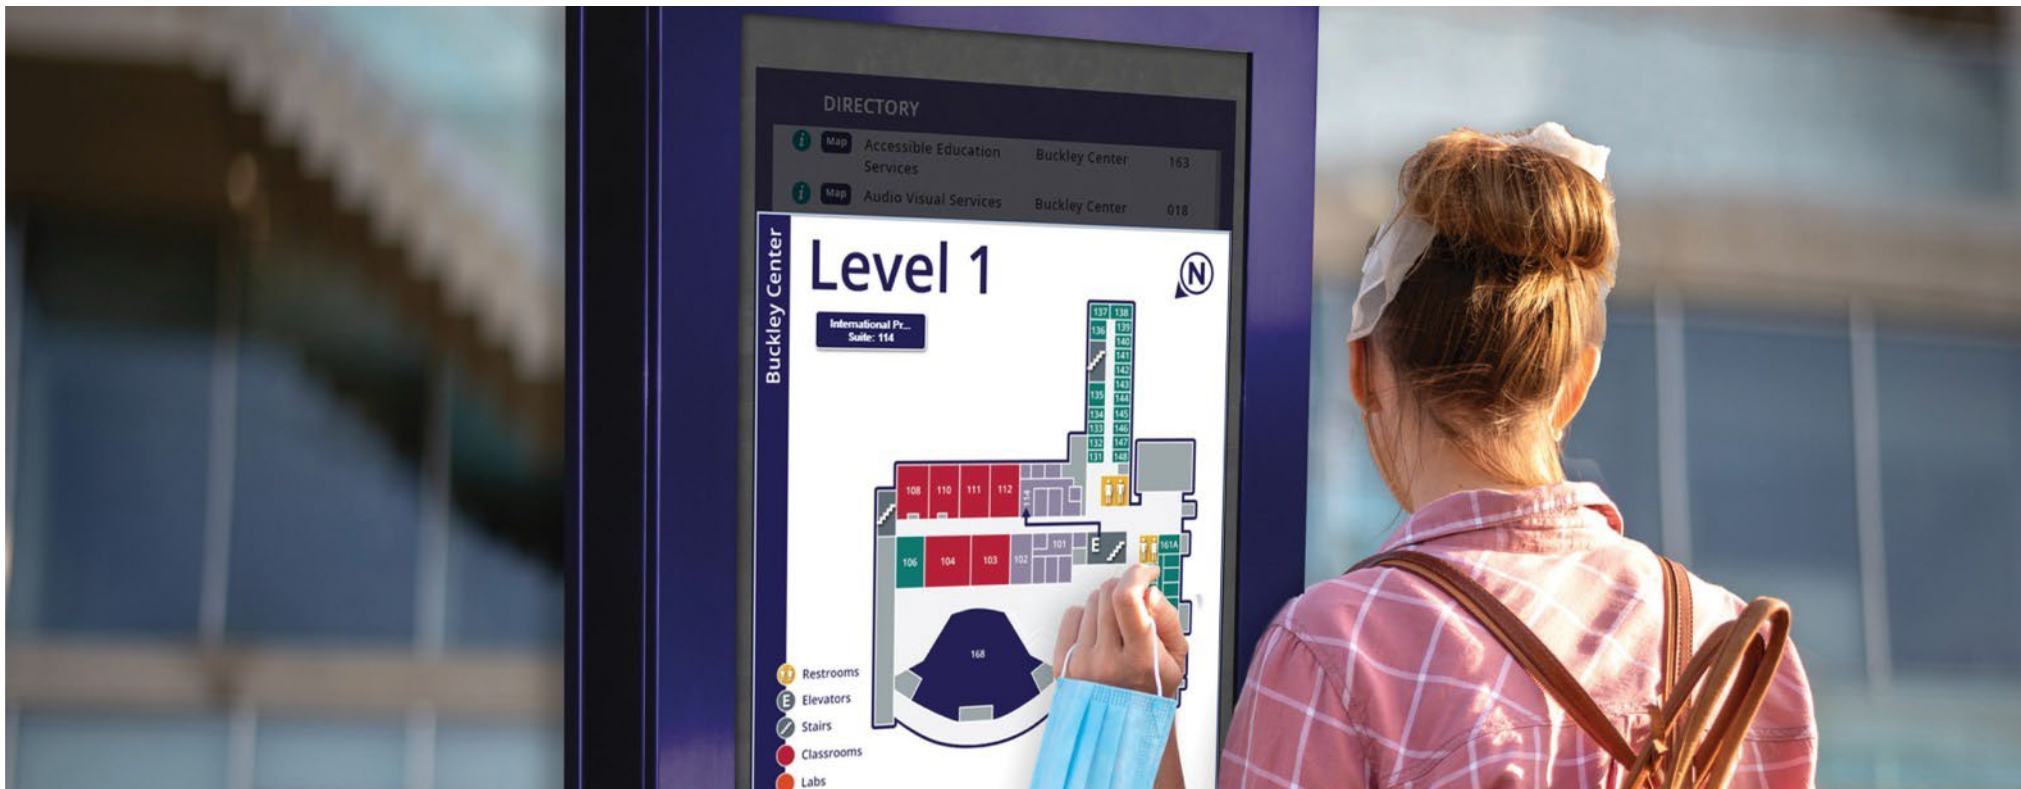

Lexi Avalos
Property
Administrator

“TouchSource has been wonderful to work with from the ordering process of a high-quality directory, to installation, to technical questions along the way. I would highly recommend them, and their team.”

Olivia Wurm
Assistant Marketing
& PR Manager

“Thanks to these directories, we have a very efficient process for communicating listings and important information to our guests. They don’t need to talk to a concierge staff member for general questions or to ask directions, which aligns with our goals as a luxury retail property.”
